

# THE ABYSS

BLOOD SPEAKETH LOUDER THAN KINGS, FOR IT  
HOLDETH THE TRUTH THEY FEAREST TO HEAR

“FOR ME? I THINK IF THERE’S PLACE CALLED ‘HELL’ I  
WOULD BE THE FIRST TO ENTER AND THE LAST TO LEAVE,  
FOR THE SAKE OF MY HISTORY”

On Dominara, a place of ceremony

The presenter: “Please welcome Drova, the best deflector of all  
time!

Sounds of claps everywhere...

“YEAH, YEAH BUT I PREFER SCREAMS”

Drova takes the medal of honor with a cold smile then attempts  
to leave

The presenter whispers: “Hey, say a word”

“SERIOUSLY? I WOULDN’T HAVE BEEN HERE IF I WAS A  
TALKATIVE PERSON WHO SEEKS THE SCENE”

Drova: “I will leave it to you”

**BOOM!**

“WHEN I HEARD THAT EXPLOSION, EVERYTHING  
CHANGED”

Drova is flying and watching huge flying monsters which is later  
they went on by the name ‘Dragons’

“I SAW HIM, HE WAS STANDING THERE, AN IMPOSTOR  
AMONG US! HE GOES BY, THE MIRACLE OF  
DOMINARA”

Drova is walking in the facility when he sees a colleague his is  
greeting him

The colleague: “Hey, Drova”

Drova: “Hello”

The colleague: “Are you ready for today?”

Drova: “What’s happening today?”

The colleague: “Miracle is going to list new laws for us”

“WHAT AN IDIOT...”

Drova: “Thanks, I’ll be there”

Later that day...

The king Miracle is standing on the stage with all of Dominara’s  
warriors and conquerors waiting for his words

The clapping starts but Drova doesn’t clap

The king Miracle: “I was one of you, a conqueror, a killer, a  
dominarian who was ready to fulfill his duty for Dominara, until  
my last journey, I’ve learned a lot of lessons, and according to  
that, I will list new laws that everyone must follow, if anyone broke  
one rule, death is going to be their fate

Rule number one: Never every kill anyone who’s not a threat

Rule number two: Understand that you are there to offer  
protection in claim of science

Rule number three: If you fell for someone who’s from another

planet, you are allowed to retire and create a family in there, but when the time comes and the duty calls, you must be here”

“MARRIAGE, YOU SAY? WHAT A FUCKING JOKE”

Drova turns around and leaves

“HE WENT TO E61 AND CAME BACK FULLY CHANGED WITH OTHER THOUGHTS AND WHOLE OTHER INTENSIONS, SOMETHING HAPPENED THERE THAT WE CAN’T KNOW FROM HERE, SO WE MUST GO TO THE PLACE WHERE IT ALL BEGAN”

“IT’S NOT SO HARD, NOT SO EASY EITHER, IF HE’S GOING TO SEND EVERY DOMINARIAN INTO A SPECIFIC PLANET THEN OF COURSE HE’S SENDING A DOMINARIAN TO E61”

To Miracle...

Miracle to someone: “I trust you Eli, you go there, find Ob, he will tell you everything and will walk you through the planet”

Eli: “Okay, your majesty”

Back to Drova in the facility...

Drova is standing in front of names list with all of their associated planets to protect

Drova searches for E61 until he found it and found the name ‘Eli’ next to it and the time for traveling is the next day

Next day...

Eli is standing and waiting for the worm hole to be opened

Drova is silently watching and waiting with excitement more than Eli

“WHAT DO YOU HIDE, MIRACLE? WHAT HAPPENED THERE CAUSED THIS ‘*CHANGE*’ WAS SOMEONE THERE THREATENING YOU? OR IT IS WEAKNESS?”

The worm hole is opened

Drova jumps and flies as high as he can

Eli pushes the floor down with a strong jump towards the worm hole

Drova then flew toward the worm hole being behind it

Eli is flying and almost entering the worm hole

Drova quickly without anyone noticing him, he turned around the worm hole and entered

Eli and Drova eyes meet each other on the entering of the worm hole

The worm hole shuts down with both of the dominarians, Drova and Eli heading to earth

As Drova and Eli drops into earth’s atmosphere, the worm hole closes and they both are floating in front of each other with a sea beneath them

Eli: “What are you doing here?”

“A PROBLEM THAT HAS TO BE DEALT WITH, CAN I KILL HIM? NO, NO I CAN’T, BUT I MUST TO, WHEN MIRACLE SEND A SOLDIER HERE, HE MUST BE THE MOST SOLDIER HE TRUSTS, OTHERWISE HE WON’T SEND HIM, SO I CAN’T CONVINCE HIM BY MY CASE”

Drova dashes towards Eli, holds him and throws him at the sea then he flies to him and grabs him by the neck trying to choke him

Drova: "I'm sorry brother, but Dominara is a much bigger history, bigger than you"

Eli hardly replies: "I... I know, I...am on your side"

Drova leaves him

Eli starts taking his breath and coughs

After seconds, Eli has fully recovered

Drova: "What do you mean?"

Eli charges a punch on Drova's face throwing him away then he flew towards him and was attempting to punch Drova when suddenly his hand felt an extreme pain after landing it on Drova's body that had him scream loudly

Drova: "THEY DON'T CALL ME THE BEST DEFLECTOR OF ALL TIME FOR NOTHING"

Drova holds Eli from his head and flies towards the sea and keeps drowning Eli and getting him out from the water multiple times weakening him

Eli is trying to punch Drova but the pain is getting much harder and his hands started to bleed

When Eli became completely weak, Drova held him by the neck said: "You don't deserve it"

Drova left Eli to fall and quickly flew like a circle backwards then positioned himself against Eli and charged as fast as he could towards him cutting off him from the middle leaving the body of Eli split in half and himself covered with Eli's blood

He takes the contacting device from Eli

Drova flew away taking a deep breath with the smell of the blood entering his nose like an energy remembering all the times when he was covered with blood

“I’VE BEEN RARELY CLEAN, I WAS ALWAYS COVERED IN LIQUIDS WITH DIFFERENT COLORS, BUT THEY ALL SHARE THE SAME NAME ‘*BLOOD*’ IT’S WHEN I FEEL I CAN REALLY BREATHE, IT’S WHEN I FEEL I’M MYSELF”

Drova takes a deep dive into the water and the blood of Eli leaves him as if a lover is leaving their beloved ones

“THE MOST PART THAT I HATED IS THAT WHEN I HAVE TO DEEP DIVE INTO WATER TO GET THAT BEAUTIFUL LIQUID OFF ME, I NEVER THOUGHT OF SHOWERING WITH THE BLOOD OF A DOMINARIAN AS MYSELF, BUT IT’S FOR THE CAUSE, SO I’M INNOCENT OF YOUR SOUL”

Drova leaves the water and goes up to discover the *E61*

Drova keeps flying around

“TO GET INTO THESE PEOPLE AND UNDERSTAND A USEFUL INFORMATION I MUST BE A TRUSTED PERSON, I MUST PROTECT THEM, I MUST BE THE CHOSEN ONE, I MUST BE ‘*ELI*’ THEY MUST FIND ME”

After an hour of flying around the planet, Drova sees a big machine with a large fan on top of it approaches him

Drova stays as he is

The machine approaches him and hears a voice shouts through the mic: “FOLLOW THE HELICOPTER!”

Drova flies next to the helicopter

Drova is watching the country and the people living in it

After reaching...

On a tower, Drova stands and a man approaches him

The man: "Hello, I'm marshal Watson"

Drova shakes his hand and says: "I'm Eli"

Watson: "Nice to meet you Eli, may you please follow me?"

Watson takes Drova in a tour in the tower

Watson: "How's Miracle?"

DROVA GETS IMAGINATIONS OF DOMINARA BEING  
DESTROYED BY ONE MAN, A DOMINARIAN WHO TEARS  
THROUGH BUILDINGS, BLOOD SPREADS EVERYWHERE  
WHILE HE IS BADLY DAMAGED AND A WHOLE BUILDING  
IS ABOVE HIM

Watson: "Eli?"

Drova wakes up from this imagination and responds quickly:  
"He's fine"

Watson: "How are you holding up with him being the new king?"

Drova smiles: "A new set of rules, my people are still processing  
it"

Watson: "Uh, it's a matter of time, they'll get used to it, come on, I  
have to introduce you to someone who's going to be your guide  
on earth"

They both enter a room where there's a man waiting for them

The man gets up uses his walking stick and shakes Drova's hand

The man: "Welcome Eli, my name is Ob"

On Dominara...

Miracle walking outside of his castle with his assistant while negotiating when suddenly they hear a scream from someone next to them that shouts: "DEATH FOR MIRACLEE!!!"

The dominarian flies towards Miracle in order to attack him and Miracle is standing still, didn't even move his body to face him

When the dominarian got close enough and was about to hit Miracle, Miracle slapped the dominarian with the back of his hand with ease

The man was thrown at a wall breaking off several bones

Miracle: "Mm, I haven't lost my talent"

Later that day...

Miracle is in his room eating when his assistant walked in with someone

Miracle: "Who's that?"

The assistant: "This is a doctor"

Miracle: "For who?"

The assistant: "For you, sir"

Miracle laughed: "Why? I'm fine, didn't you see me today?"

The assistant: "Yes, I saw you, that's why I have small doubts"

Miracle: "What's on your mind?"

The assistant: "Let's not fast forward, let the doctor see you"

After minutes of the doctor's medical diagnosis

The doctor: "You have cancer"

The news was like a lightning on Miracle

Miracle responded: "But, how?"

The doctor: "Due to the high amount of Aetherion in your blood, the cancerous cells of your blood is being duplicated extremely fast"

Miracle: "But I don't suffer from anything, it's the opposite, I feel stronger than ever"

The doctor: "That's the point, the more the cancer spreads in your body, more Aetherion, getting stronger, what makes it hard and horrific is that you don't feel any pain, you're stronger, you don't know when you're going to die, what you do know, is that when you get more stronger, you're closer to death, you don't have anything to do except for watching your strongest version of yourself and don't get the chance to perform miracles by your enhanced abilities"

Miracle: "How much time do I have left?"

The doctor: "Days"

The assistant: "The gold shipment from earth is about to be ready, can't we start the treatment?"

The doctor: "It is too late, I'm so sorry your majesty"

Miracle doesn't respond and instead gets up silently and enters his room

Miracle sets on his bed remembering all the good days he spent on earth, he thought they were hard and bad days, but no, he now

really lives the worst last days of his life, and those were the finest days where he was happy saving lives and helping the people in need and killing threats, he wishes those days return

Miracle's visions suddenly change from those beautiful scenes into a scary horrible scene where he sees himself on earth laying on the floor on a big building on earth and he's badly damaged, his blood is everywhere around himself and he's looking at the destructed buildings on fire with the blood of people is everywhere at night, someone puts his left hand under Miracle's chin and the other hand grabs him from his hair, the man with dark deep and loud voice: "LOOK CLOSELY..."

Miracle wakes up from this vision and he's sweating hardly in fear  
On earth...

Drova: "What happened here that made you and Miracle change your minds?"

Ob: "We've learned to see through each other's eyes, the people wakes up every day seeking their jobs, schools and more else, they want to live, they have reasons to, just as ourselves, we've been given a gift to protect those people, not to enslave them and kill who refuses to be a slave under our feet"

Watson enters the room and says: "I have news, we have finally finished the program of *The Nexus Array*"

Drova: "What is that?"

Ob: "Let me tell you on our way"

Drova: "Our way to where?"

Ob: "You'll find out"

Ob leads Drova out of the room

Ob: “*The Nexus Array* program is a program written between all of the countries of earth, the country that can’t handle a specific problem will report immediately and you will have a watch that indicates the direction of the threat”

Drova: “Fascinating, you created that program?”

Ob: “No, it was sent by Miracle to earth and all of the planets that are under the protection of Dominara”

Ob hands Drova the watch and says: “I guess your duty starts from now”

Drova finds himself out of the tower when he suddenly sees a stage in the other side of the tower with lots of fans with welcome signs and other thankful signs

Watson gets on the stage and takes the microphone and starts speaking happily and with agitation: “People of earth! A year passed since the war on earth, two years since *The Long Sorrow*, something was in common between them both, the presence of two of the mightiest heroes of all time, Miracle and Ob, if it wasn’t for them we would’ve been dead by now, Miracle is hundreds of light years away from earth now, he’s protecting others, ruling a large empire that was about to enslave us, right now, please welcome Ob, ONE OF THE MOST REASONS WE’RE ALIVE NOW!”

“SO, IT IS NOT ONLY US WHO LIKE THE SCENES?”

Inside a company in a big building in a high room with servers...

An office boy enters the room and hands a cup of coffee to an engineer

In the ceremony...

Ob gets on the stage, walking hardly due to his injure

Ob takes the medal of honor and takes the mic and start speaking: "Here on earth, I've seen what Dominara blinded me from seeing, I lived here and I loved one of you, I had a child from one of you, I'm retired and living the best days of my life right here, I want you to welcome a new part of the family, he will be the new protector of earth, please welcome, 'Eli'"

In the company...

When the engineer took the cup, it was very hot that he threw it away quickly and the cup is smashed on one of the servers that has an open window

In the ceremony...

The organizer starts pushing Drova to go up

Drova turns around and looks at him angrily with dead eyes, the organizer feels afraid and bakes off

Drova stands into the stage and takes the mic, waiting for the fans to stop clapping thinking of word to say

In the company...

A lot of electric sparks started to come out of the server

The office boy as an attempt to stop it he pushed the server making it fall on the floor

But the server glowed up in fire and the fire reached the lamps above them lighting up the other servers

In the ceremony...

"YEAH, YEAH BUT I PREFER SCREAMS"

Drova: "Its..."

Suddenly the watch on Drova's hand start ringing

Drova moves the mic away, looks at Ob and says: "Seriously? I just got here"

Ob: "GO!"

Drova throws the mic away and flies strongly as the fans are clapping

Drova looks at the watch and sees that it shows a threat of a huge fire in a building in Canada

Drova flies and follows the path to the building until he reached it

He sees people are afraid, and a big building on fire that the fire fighters can't get inside

Drova hears the sound of the officers through the watch telling him that there are people still inside specially in the high level

Drova enters destroying the glass

Drova: "What caused the fire?"

The watch: "Electrical circuit"

Drova hears screams from behind a door

He goes and breaks the door and sees the people inside with fire surrounding them

Drova shouts to them: "COME THIS WAY"

While they were heading his way in fear

"BORING, I MEAN ACCIDENTS HAPPEN ISN'T IT?"

When they were about to pass from next to him to head outside of the room, Drova let the office boy pass and then he had his

hand in front of them all and pushed them inside again then he hit the floor with his leg causing it to break

He turned around and looked to the guy who passed and said:  
“Run! We will find another way”

The guy runs in a worry

Drova turns back to the people in the room

They say: “DO SOMETHING!”

Drova: “Of course I will”

Drova in seconds flies around the room very quick around the people keeping the fire down a little then he lands again

A woman: “Very good, now lead us out”

Drova: “I ADMIRERD ONE OF YOU, DO YOU KNOW THAT? SOMEONE TOLD ME A STORY THAT HAPPENED TENS OF YEARS AGO IN A WAR YOU CALLED THE WORLD WAR, A MAN WHO USED TO BURN PEOPLE ALIVE!”

Drova goes near a big cable that’s on fire and is about to melt down from the heat

Drova continues as he gets down to pick up the cable: “I ALWAYS HATED BURNING THE VICTIMS”

Drova gets up with the cable in his right hand, looks at it and says:  
“HMM, SPARKY”

The people are looking at him in fear

Drova spots another cable on fire and walks towards it as he says: “BECAUSE I LOVE BLOOD, IT MAKES ME FEEL THE SUFFERING AND PAIN I CAUSED TO THAT VICTIM, IT IS

THE REAL MEDAL OF HONOR I PUT ON MY CHEST, BUT  
THE FIRE? IT JUST BURNS THE BLOOD, VAPORIZE IT”

Drova reaches the cable, gets down and pick it up

Drova smiles to their face and says: “HOW ABOUT MELTING?”

They all scream with loud voices as Drova is walking towards  
them

Drova quickly takes a turn around them rolling the cables around  
them as they gather in one death circle

Drova gets back as he watches them burn and suffer with the eco  
of their screams in his ears as a music and the fire and sparks as  
a beautiful painting

Drova smiles and says crazily with soft voice and absolute love:  
“LET THE FIREWORKS BEGIN!”

Drova picks up a bottle of water and tosses it up on them creating  
a huge explosion out of their flesh

Drova stretches his hands in both sides, eyes are glowing and  
opened widely with an extreme smile on his face having his teeth  
and eyes reflecting the color of the fire as he stands in front of it

“THE POINT IS THAT THEY’RE NOT JUST BURNING, THEY  
ARE SUFFERING BECAUSE OF THE HIGH TEMPERATURE OF  
THE CABLES THEMSELVES THAT MILTS THEIR SKINS AS  
THEY FEEL IT ALL”

Drova flies out of the building as the place explodes and he lands  
down, throws the office boy on the ground and leaves with no  
word and says: “WORLD WAR HUH? THEY SHOULD’VE SEEN  
THE WAR OF TELISRYA”

On Dominara...

The assistant enters the room of Miracle and he sees Miracle is preparing to go somewhere

The assistant: "Where to?"

Miracle: "Earth"

The assistant: "For how long?"

Miracle: "Days"

The assistant: "DAYS?!"

Miracle smiles and says: "Earth days, they will be around an hour here"

The assistant: "Okay"

On earth...

Drova is in his room setting on a chair quietly, thinking of his next step and trying to find any lacuna when he suddenly hears knocks on his door

Drova gets up and goes to the door and opens it

He sees Ob in front of him

Ob: "Hey, how's it going?"

Drova: "Good"

Ob enters the room and sits

Ob: "Don't push hard on yourself for not saving the rest"

Drova held his laugh hardly and responded with: "ACCIDENTS HAPPEN"

Ob: "Yes, I have good news for you"

Drova: "Say"

Ob: "Miracle is coming here today"

Drova is shocked but hides his shock from Ob

Drova: "Nice, we will meet him together"

Ob: "Okay"

Later that day...

Miracle's wormhole closes and Miracle flies his way towards the tower

Miracle realizes his high speed at flying and his enhanced agility abilities

Miracle lands on top of the tower

Ob and Drova are on the other side of the door, a door that splits Miracle and Drova away

Ob is looking at Drova

Miracle is opening the door

Ob looked at Miracle

The watch of Drova ranged

Ob looked at Drova and didn't find him

Miracle: "Hello, my friend"

Ob and Miracle hugs each other

Miracle: "Where's Eli?"

Ob: "He was standing next to me right now but his watch ranged and he disappeared"

Miracle: "Doesn't matter he will come, come on there are things I wanted to talk about"

Ob: "Come on let's go the main room"

Drova is standing on the other side listening to them without them noticing him

Drova keeps following them as he hears them speaking

Ob: "How's Dominara?"

Miracle: "Uhh, it's fine, how's your wife?"

Ob: "Oh, she's fine, how're they holding up?"

Miracle: "The dominarians are still processing the changes"

In the investigation center of Canada...

The investigator enters the room of the chief sharing off his information

The investigator: "Hello chief, I have some sensitive information I'm afraid I have to share with you"

The chief: "Tell me what you have"

The investigator: "Look at these photos"

The investigator gives multiple photos from different angles to the group who were murdered by Drova in the fire

The photos were horrible

There's no complete face or a whole part of any of the victims

The best skeleton parts were those who were black, the others turned into ashes

While looking at the skull, it's so clearly there suffering and screams can be heard through their opened mouths skulls

The chief: "This is the group that died from the fire accident"

The investigator: "Exactly, I want you to focus on the cables around them"

The chief: "Uhuh?"

The investigator: "There's no accident can create a perfect circle of two cables like that, someone held them and rolled the cables around the victims, and also look at how they're all strangely standing around each other, someone frightened them making them all form a circle and roll this cable around them, who's body can handle all of the heat coming out of the cables?"

The chief: "Eli"

The investigator: "Exactly"

In the main room of the tower...

Drova is near them while Miracle, Ob and Watson are talking

Ob: "Why the sad face?"

Miracle: "I'm dying, Ob"

Ob: "WHAT, HOW?"

Miracle: "Blood cancer"

Watson: "Why don't you be the first patient; the first shipment of gold is on its way"

Miracle: "It's too late, the cancer had started since the days of *The Long Sorrow*"

Drova is shocked from what he hears

Miracle continues: "Doesn't matter I already gave all of my plans to my assistant, he will role Dominara after me and he will follow my path"

Ob: "How about the Anti-therion? We can contact Johnny in the Groove labs to make you one that will kill the cancerous cells"

Watson: "But it might fail and make him lose his powers forever"

Miracle angrily: "IF I AM GOING TO DIE, I WILL NOT DIE ON MY KNEES AS A WEAK GUY WHO CANNOT EVEN LIFT A CAR"

Ob stands up and angrily says: "WHAT DO YOU MEAN BY THAT?"

Miracle stand up and goes in front of him and says: "AS YOU HEARD, I DO NOT WANT TO END UP LIKE YOU, WALKING USING A STICK AND IF IT BROKE AND FELL I WILL FALL AFTER IT, NO, NOT MY INTENTIONS, IT IS NOT A POSSIBLE CHANCE"

Miracle sprints out of the place in anger breaking off the glasses of the room

Drova is standing in shock after this conversation

"I KNOW WHERE I HAVE TO GO NOW, TIME TO REMOVE THIS"

Drova breaks the watch and throws it on the floor and flies out of the tower heading to Groove labs

"TO END THE ERA OF MIRACLE AND HIS FOLLOWERS I MUST HAVE THE UPPER HAND, A WEAPON THAT NO

DOMINARIAN COULD EVER STAND AGAINST ME, IT WILL  
SIMPLIFY MY QUEST”

Drova reaches Groove labs and flies above the building that  
consists of three layers

Drova dashes towards the building breaking the ceiling and  
quickly gathering every person in layer three throwing them to  
layer two and does the same with layer two throwing all of them  
at layer one

Drova successfully gathered all of the workers and scientists to  
the first layer

All of the people are scared and feared him hardly with the  
women screaming

Drova shouts: “IF I HAVE TO HEAR ANY MORE OF YOUR  
PROVOCATIVE SCREAMS I WILL CUT EVERY NECK OF  
YOURS”

The quietness spread in the place

Drova: “NOW WHERE CAN I FIND A GUYYYY NAMMED  
JOHNNYYY”

No reply

Drova: “As you wish”

Drova raised his right hand and in front of his face shaping a  
sword and in milliseconds he hit the man sitting next to him on  
his head creating a hold in his skull

Drova: “That’s one”

Drova repeated the same with a woman

Drova: “That’s two”

Drova sees a woman picking up an infant, his mother cries and screams for her baby

Drova holding the infant from his leg: "Say something are you Johnny but undercover?"

A man gets up from the middle and shouts: "OKAY STOP, I AM JOHNNY JUST DON'T KILL THE FUCKING KID"

Drova throws the baby smashing him to the wall creating a small red painting on it and dashes towards Johnny holding him and enters with him the room that was behind Johnny

Johnny: "Please, just calm down and tell me how can I help you?"

Drova: "I want something called the Anti-therion"

Johnny: "I... I don't know what you're talking about"

Drova: "Why is it so hard with all of you? Maybe I will go and grab some people from outside this room and we will know together"

Johnny: "NO, wait, okay, I will help you just stay right here and don't move"

Drova laughs hardly and says: "Okay daddy I won't move"

Drova sits quietly and says: "Now, do what you've got to do"

In the tower...

Ob is sitting sadly in his room

His twin kids run to him laughing and playing

Ob smiles and realizes that even with no superpowers, he still has something to care about, something to raise, something to love and live for

The life is not about being special amongst the world with being the best at something

It is about being nice, being good, and having a reason to live and an important role in everyplace, wether it was Dominara or Earth, **THAT** is what specializes the most

Ob's phone rings

Ob looks at the caller, the name of the caller is 'Jack'

Ob picks up the phone and starts with: "Hello?"

In a café...

Miracle is with a woman in there

The woman: "DYING!? HOW!!"

Miracle: "Blood cancer because of who I am"

The woman: "BUT YOU CAN'T JUST GIVE UP THIS WAY!"

Miracle: "Emma, I"

Miracle's phone rings

Miracle looks at it and then hangs up

Emma: "Who was that?"

Miracle: "It is Ob"

Ob is in his car driving crazily towards Groove labs as he shouts when Miracle hangs up on him

Emma: "Why didn't you answer?"

Miracle: "Fuck him, he's just jealous of me"

Emma: "JEALOUS OF YOU!?"

Emma stands up and continues: "HOW DARE YOU SAY THAT!"

Ob is driving very fast that he was about to crash multiple times

Emma: "OB IS YOUR BEST FRIEND, HE WAS THE ONE WHO HAD YOUR BACK, THE ONE WHO CARED ABOUT YOU, LOVED YOU AND PROTECTED YOU!"

Ob: "Please man I'm so sorry but just answer me"

Ob calls Miracle again

Miracle's phone rings

Emma: "THE FIRST PERSON WHO BELIEVED IN YOU WAS OB, THE PERSON WHO DISCOVERED YOU WAS OB, IF IT WASN'T FOR HIM YOU WOULDN'T HAVE BEEN THE KING!"

Ob is speeding up more and more and shouts "COME ONNN!!!!!" as he's hitting the steering wheel

Emma: "HE WAS THE MOST HUMAN BETWEEN US, IF OB WASN'T THE BEST BROTHER I'VE EVER KNOWN, THEN HE IS AT LEAST A BETTER BROTHER THAN YOU"

Ob reaches Groove labs and enters the building as he runs as fast as he can using the cane

Emma: "You don't deserve to be the king, HE DOES"

Johnny is handing the Anti-therion to Drova when they hear the sound of man saying: "I'm sorry, Johnny"

This man raises up a gun, points it at Drova then he points it at Johnny's head then pulls the trigger

Drova quickly raises his hand in front of the bullet to stop it from hitting Johnny, but the best deflector of all time couldn't match the speed of a bullet

The bullet finds its way in Johnny's head making him falls on the floor and the bottle of Anti-therion falls on the floor and shatters to pieces

## **IT WAS OB**

Drova is looking at the bottle and the corps of Johnny angrily

Drova's eyes turns red and turns to look back at Ob

Ob: "Eli..."

Ob didn't get the chance to say another letter because suddenly the hand of Drova was already planted in his chest smashing off his heart leaving off from the Ob's back

Drova whispers in Ob's ear: "MY NAME IS DROVA"

Drova pulls off his hand leaving off the corps of Ob to fall on the floor and flies out of the building

Miracle gets up and calls Ob

Miracle hears the beep sounds with no respond from him

Miracle runs as a lightning towards the tower

He enters it and keeps asking everyone about Ob's location

Somebody told him that he left a while ago

Miracle is sprinting out of the building when he's stopped by seeing something familiar on the floor

Miracle turns back and looks at it

It is the Nexus Array's watch!

Miracle puts his hand on his head and says: "OHHH SHIT!" and sprints out quickly and flies to the skies

Miracle spots the groove lab's ceiling is destroyed so he flies over there and sees Ob's car with other police cars surrounding the place so he lands next to Ob's car and looks inside it

Miracle sees no one so he enters the building and sees the blood everywhere

Miracle enters the room in front of him and he sees the corps of Ob

Miracle runs towards it and sits on his knees

Miracle with tears falling down from his eyes: "I... I'm so sorry, brother"

Miracle cries more as he puts his head on Ob's chest and says: "I couldn't even say good bye"

Miracle remembers Ob said to him: "You are my brother, Miracuro"

Miracle holds the hand of dead Ob and says: "Please forgive me brother, I swear I will avenge you"

Miracle hears a rough sound behind him that says: "BE CAREFUL WHAT YOU WISH FOR, MIRACLE"

Miracle turns around

For the first time after all of that, their eyes are met

Miracle's eyes are red from anger and tears runs along his face and says: "I SWEAR, I WILL KILL YOU TWICE"

Miracle dashes towards Drova holding him by the chest breaking off the layers of the building and gets out of it

Miracle keeps attempting to punch Drova but nothing affects him because of his multi enhanced deflecting abilities

Drova laughs and holds Miracle's hand and throws him away

Miracle dives. He hits first. Hard. Fist to chest. The building cracks. Concrete peels. People scream under falling rubble.

Miracle's knuckles slam into Drova and—Miracle feels the hit in his own fist. Pain shoots up his arm. He tastes blood. Drova doesn't flinch. He laughs cold.

Drova hits back. He throws a blow that should break bones. Miracle feels the force in his own ribs. His breath is stolen, but Drova takes no damage.

Drova with sharp voice: "YOU ALWAYS HIT YOURSELF, YOU ALWAYS PAY"

Miracle doesn't stop. He is faster. He is stronger. He is a storm. He throws a flurry of punches. Drova meets every one. He catches each strike like he's catching a raindrop. Every hit hurts Miracle instead. Every blow Echoes through Miracle's arm like fire.

They fall through the top of a tower. Floors collapse under them. People below scramble, trampling each other. A coffee shop explodes into glass. A delivery truck flip. Sirens are everywhere.

Drova grabs Miracle by the throat and slams him into a glass wall. The wall breaks. The crash sends a wave through the street. People on the ground take the hit. Some never get up.

Miracle's face is red and wet. He tastes steel and dust. He thinks of Ob. He thinks of the watch. The promise is heavy in his chest. He wants to end this.

Drova pulls back and smiles like he smells victory. He shapes steel in the air and stabs it down. The spike misses Miracle but

hits a support beam. The beam falls into a bus. The bus rolls and hits a market stall. People scream. Blood stains the pavement.

Miracle jumps. He is a white blur. He hits Drova in the face with everything. Drova staggers. For a beat Miracle thinks he did it. Drova's nose bleeds. Drova's jaw jerks.

Drova roars. He throws Miracle with both hands. Miracle flies like a comet and slams through two buildings. A rooftop garden collapse. People fall into the street below.

But Drova is not done. He flies after him. He grabs Miracle's shoulder and twists. Broken glass and metal rain across the city like a dark storm. Drova hits him with a palm that feels like an iron door closing on Miracle's chest. Miracle doubles over, clutching his ribs.

They crash onto an empty plaza. The ground cracks beneath them. For one breath the city goes quiet around the crack in the world they made.

They both stand.

They both push at the same time.

Their fists meet. The sound is a thunderclap. They both scream. They both staggers. They both fall face first to the stone.

For a second the world holds its breath.

Then, like a blown fuse, something snaps inside each of their heads. Pain like knives. Fast flashes. A vision — hard and clear.

Miracle's head explodes with a single picture. It is Earth, it's the same vision he had on Dominara, he is on a huge tower on Earth He is lying there, He is broken His body is wet with blood the sky over the city is on fire. Buildings burn like paper. Streets are pools

of red. People run with no way out. He sees his own hands, ripped and useless. The city looks dead. He feels everything heat, smoke, the rough of concrete under his face. It hits him like drowning.

Drova's head bursts with another image. Dominara. His home. The planet he came from. He sees one man tearing through a city there. An incredible strong Dominarian, not Miracle, but a thing like them running wild. Buildings fall like toys. Blood spreads across odd-colored streets. People of Dominara are trying to follow and stop him but no one can outmatch him. The sky above their towers is cracking. The man laughs. The whole world is falling. The picture stabs at him.

Both images flash so fast they hurt. Pain rips in their temples. Both see blood, both see ruin. Both see a truth they didn't expect.

They jerk up at the same time, hands on their throats, heads shaking. They stare at each other. For a second everything is still.

They stand. They move like sleepwalkers. The city around them is a mess. Cars are piled like matchsticks. Windows are empty holes. Bodies are on the street. People scream and die in the gaps they made.

Drova attacks like a storm now. He is faster. He is crueller. He hits Miracle with every trick. He bends the air and sends it like knives. He throws chunks of building that slice through crowds. He uses Miracle's strength against him again and again. Each time Miracle hits Drova, the hit comes back into Miracle, and the city pays.

Miracle answers back. He flies so fast he becomes a blur. He uses speed to save people for moments, he slices falling beams from a mother's path and pushes a child away from a falling sign. For a second, he is guardian and killer in the same breath. His

mind is torn. He wants to stop Drova. He wants to stop the city from dying.

Drova sees Miracle save a child. He sneers: "DO YOU SAVE THEM TO SLEEP AT NIGHT?" he shouts: "OR TO HAVE A CLEAN HEART WHEN YOU FAIL?"

They crash through a train station. The train splits in two. People scream. Some are pulled out alive by Miracle. Others are already gone.

Drova grabs Miracle and squeezes. Pain floods Miracle's arms and comes back into the rails and into the heads of everyone on the platform. A power line explodes. Sparks rain. The station lights go out. The darkness screams.

Miracle finds a rhythm. He uses his speed not only to hit but to move things out of the way. He takes hits and gives hits. Drova hits harder. Drova hits with hate. Drova wants Miracle broken. He wants him burned down to nothing.

They fight across blocks. They fly above parks, through markets, over schools. Buildings fall. A clock tower becomes a spear. A statue falls and crushes a car. People die beneath falling stone. The city becomes a battlefield of broken lives.

At one rooftop, they both punch at the same time again. They lock fists. Their skin meets. The shock goes straight to the bones. They both fall back, but now slower. They hit the ground and roll into each other like two wrecked machines.

Miracle looks at Drova, breathing hard: "Who the hell are you?"

Drova spits blood: "I AM YOUR GREATEST FEAR"

Drova throws Miracle on a construction site, keeps punching him as strong as he could

Drova got down and grabbed a big hammer and hits Miracle on the left side of his head using it

Miracle falls on the floor, his left eye is all red due to the inner bleeding because of the hammer's hit

Drova grabs Miracle's throat, lifts him, and with a brutal motion he throws him high. Miracle sails past roofs. People below look up with empty eyes. He slams into the top of the tower, he lands hard on the spire. Metal screams. The watch spins in the dirt nearby.

Drova stands in the middle of the broken avenue and looks at the city. Then he looks up at Miracle on the tower. Miracle sees Drova's face and his vision echoes back, a single man tearing worlds down. Now Drova is standing in the city, and he starts to move, and everything he does looks like the picture from Miracle's head.

Drova walks. He moves slow. He is quiet. He reaches out and slams his palm into a building and it folds. It falls like a toy. Dust and smoke pour out. People run, burning, screaming. A row of shops caves. The street opens like a wound.

Miracle watches from the tower. The vision he had of himself weak on the tower, is not just a vision, it's a truth that happens live now. This time he's in a broken shape on the tower. He wants to fly down. He wants to stop Drova. His legs are weak. His hands shake.

Drova moves like a man who knows how to destroy. He pulls a bus and turns it into a battering ram. He rips a radio tower and throws it. The city answers with a thousand small deaths. People

run past each other, bleeding and scared. Blood is on the streets. The sky fills with smoke.

Drova throws Miracle one last time. He does not aim to kill. He aims to show. He hurls him like a stone to the very top of the highest tower left standing. Miracle slams into the peak and slides down a sheet of metal to the spinning antenna. He hangs there, bleeding, breath gone.

Drova stands on the ruined street and raises his arms. He starts to move through the city like a force. He smashes, he pulls, he bends whole blocks. The city becomes what Drova saw in his head, a man tearing the place down. Fire climbs buildings. The river grows dark with ash and smoke. People scream.

Miracle watches from the top. He sees the vision that burned in Drova's mind become real right now in front of him. His chest tightens. The Earth vision hits him too he sees his own ruined body amid burning towers, the same fear and loss doubled. His head throbs. Pain flashes like lightning.

He shakes. He tastes blood and metal. He holds the spire with both hands. He wants to climb down. He wants to stop the man who is destroying everything. He wants to stop Drova.

The nuclear power of the military started to prepare for a nuclear attack on Drova

Drova started to distribute his network of destruction

Drova flew around earth travelling across countries

He started with destroying the united states

Building after building, destruction after one, explosions everywhere as he's flying and hitting randomly in the lands of America

The nuclear manager is attempting to launch a missile towards the place where Drova is

Watson is trying to contact them to STOP them

Watson shouts: "NOOOO! DON'T LAUNCH IT"

The line cuts off due to Drova destroys the signal tower

Watson angrily breaks the phone

Drova shifted his way towards Russia

Russia's nuclear program attempted to launch a missile at the Atlantic Ocean before he reaches them

The missile is launched

Drova sees the missile coming his way he said: "YOU'LL REGRET IT"

Drova flies as fast as he can towards Russia and as he reached, he didn't hold back

The militaries of Russia quickly surrounded everywhere and attempted to attack Drova and kill him by any means!

Drova deflected every bullet, every grenade, every hit that was faced to him, killing a number of them without even moving a muscle

Then Drova started sprinting between them using his hands to cut through them all, flipping tanks, throwing soldiers at the helicopters fans to destroy them

Drova held a tank from its pipe and used it as a hammer to destroy buildings

Other states like north Korea realized the threat they're in

As Drova was destroying and killing in Russia...

The president of China gets a call from North Korea's president

North Korea: "America and Russia already fell down and if we didn't do anything we will fall just like them"

China: "What do you propose?"

North Korea: "Throw what we have from nuclear power at Russia"

China: "Agreed"

Drova in Russia as he kills the people he sees two nuclear missiles heading his way

"YOU SOLD YOURSELVES, NOW EVERY PERSON ON THE PLANET STARTED TO WATCH OUT FOR THEMSELVES AND DON'T GIVE A SHIT ABOUT THE PEOPLE THEY WILL BE KILLING HERE WHEN THEY ATTEMPT THAT"

Drova flies away and decides to follow the path of the smoke of one of the missiles leaving off Russia being destroyed and completely dead because of the nuclear missiles that were thrown on them and their own missiles being destroyed

The nuclear radiation spread across millions of kilometers across the whole planet

Watson desperately leaves the room and sits on a chair and starts pouring wine and drink it quietly

A soldier: "WHAT ARE YOU DOING, SIR?"

Watson: "I'm chilling"

The soldier: "HOW! HE'S DESTROYING OUR PLANET!"

Watson: "I don't want to spend my last minutes worrying and afraid, just sit, son"

Drova had the same scenario in North Korea

Everywhere he goes, every country he destroys, there is a sign that he must leave **A Nuclear Missile**, when he sees it from far away, he's sure that the world had abandoned this country and the missile will finish off the remaining souls

After an hour of constant destruction and death...

THE RADIATION SPREAD ACROSS THE WHOLE PLANET  
MURDERING OFF BILLIONS OF PEOPLE

EVERYONE STARTED TO MELT BECAUSE OF THE  
RADIATION

THE SCREAMS AND CRIES ARE EVERYWHERE

Drova returns back to Miracle at the tower

Miracle is still in there can't move a muscle

Drova goes up to Miracle, and holds him from his hair with his right hand and with the left hand he holds his chin and says:

"WATCH, MIRACLE, WATCH YOUR WORLD BURN, I BURN  
YOUR WORLD AS YOU WERE SLOWLY BURNING MINE"

Miracle hardly: "w... why??"

Drova: "YOU HAD A GIFT MIRACLE, YOU COULD'VE SAVED  
DOMINARA FROM THE BAD HANDS AND RULE IT AS THE  
ONE AND ONLY KING! YOU COULD'VE STOPPED THE BAD

RULE OF MASTER GRU AND DISTRIBUTED OUR EMPIRE MORE AND MORE! BUT NOOO YOU DECIDED TO PLAY ALL THE HERO AT WHAT COST!"

Miracle couldn't respond

Drova shouts: "AAANSWERRRRR!!!!"

Miracle: "I... I wouldn't answer you, you would never understand what it meant"

Drova: "I DO NOT WANT TO, ENOUGH FOR ME THAT IT MADE YOU WHERE YOU ARE RIGHT NOW"

Drova gets up and continues: "BE AWARE THAT WE ARE THE LAST TWO ALIVE SOULS ON EARTH, LET'S SEE FOR HOW LONG YOU CAN KEEP YOUR DEFLECTION ACTIVATED"

Miracle cries so much as Drova leaves him and goes to power up the worm hole machine

The worm hole opens and Drova travels back to his home, to Dominara

The worm hole closes leaving Miracle the only being to rot alone between the countless number of bodies on earth

Miracle keeps coughing on the tower and can't move a muscle  
On Dominara...

The worm hole opens

Drova enters through it and goes to the palace of Miracle

Drova keeps watching the palace from outside investigating it

He sees the assistant in there sitting on a desk and planning a few things

“I HAVE TO BURN THIS PLACE DOWN”

Guards were surrounding the place but this is not a problem of Drova's

Drova brought explosives and flew above the palace and threw the explosives above the it

The sound of them grabbed the attention of the guards and they all flew to the ceiling and saw the explosives and gathered around it

Drova: “LET THE FIREWORKS BEGIN”

Drova lighted a torch and then poured a gasoline and started to light up the poured amount with the torch to pour a fire blast liquid on the explosives

The gasoline on fire is poured on the explosives and a huge explosive started destroying the palace and a remaining few of the guards is alive

Drova dashed to the huge smokes shaping his hands as swords and started cutting the remaining one after another until they're all died

On earth...

After an earth day, Miracle is suddenly healed up due to his enhanced abilities and enhanced healing

He stands up and starts flying around the planet looking for any remaining people

But there isn't

Fire is everywhere

Blood and corps are thrown as leaves around the countries

Miracle gets angrier and furious more and more knowing that there's a very strong infection that will infect the world if they couldn't stop it

Miracle's anger changes his body color into red and his veins are lighting up

He goes and turns on the worm hole and travels to Dominara leaving the dead planet alone

On Dominara...

The assistant: "What the hell are you doing"

Drova punched him hardly throwing him to the floor

The assistant: "You will die for that"

Drova was about to answer when he sees the wormhole opens up

Someone slowly enters Dominara

**IT IS MIRACLE**

Drova smiled and said: "Here he comes"

Miracle landed near the palace and started walking near Drova and the assistant

DROVA: "I HAVE NOT DONE ANYTHING NEW, IT IS WHAT WAS I RAISED AND TRAINED FOR MY WHOLE LIFE, IT IS WHAT YOU WERE MEANT TO DO AS OUR KING, BUT NO, YOU DECIDED OTHERWISE THINKING YOU WOULD BE SUPPORTED, YOU'VE DONE THIS TO YOURSELF, NOT ME, LOVE IS WHAT BROUGHT THIS PAIN TO YOU, THEY WERE DEAD ANYWAY, YOU WENT THERE TO ENSLAVE THEM, THEY WERE ALREADY SCREWED AND YOU SCREWED YOURSELF WITH THEM"

MIRACLE: "ONE THING YOU WON'T UNDERSTAND, I CAN'T LET YOU RULE DOMINARA AND BRING HELL TO EVERY WORLD YOU SLIP INTO, OVER MY DEAD BODY"

DROVA IS WATCHING HOW THE PEOPLE STANDING BEHIND MIRACLE AND THEY'VE GOT HIS BACK BUT HE STANDS ALONE

MIRACLE: "YOU SEE? NO ONE AGREES WITH YOU"

DROVA IS SILENCED FOR A SECOND WHEN SUDDENLY A DOMINARIAN FROM THE CROWD GOES AND STANDS NEXT TO DROVA

ANOTHER DOMINARIAN AS WELL

ONE AFTER ANOTHER, THE DOMINARIANS STARTED TO GATHER AROUND DROVA LEAVING MIRACLE STANDING ALONE

DROVA IS STUNNED

"I... I WAS NOT ALONE?! THE PEOPLE WERE THERE, THEY WERE READY TO SUPPORT ME!! I WAS NEVER ALONE!"

MIRACLE SMILES AND SAYS: "UUGHHHHH, BUT YOU KNOW WHAT? I HAD THE HONOR OF TRYING, YOU JUST DIDN'T ACCEPT IT, WE COULD'VE BEEN THE HIGHEST HAND IN THE WORLD BUT YOU WANTED TO STAY AS YOU ARE, I DON'T CARE ABOUT YOU NO MORE, BUT I DO CARE ABOUT THE LIVES OF PEOPLE"

DROVA LOOKS AT HIM QUESTIONING

MIRACLE'S FACE CHANGES

MIRACLE IN DEEP VOID AND ANGER WITH RED EYES:  
“FEEL THE WRATH OF MIRACLE”

MIRACLE DASHES TOWARDS DROVA AND HOLDS HIM BY  
HIS HAND THROWING HIM AT HIS CROWD

THE DOMINARIANS ATTACKED MIRACLE BUT HE EASILY  
PUSHED THEM ALL AWAY AND THEN HE FLEW TOWARDS  
A BIG BUILDING AND USED ALL OF HIS STRENGTH TO  
PUNCH THE BUILDING MAKING IT FALL ON DROVA AND  
HIS CROWD

THEN MIRACLE STARTED TO RUN AROUND THE REGION  
SMASHING AND DESTROYING ANY BUILDING HE SEES IN  
FRONT OF HIMSELF

DROVA IS TRYING SO HARD TO LIFT THE BUILDING OFF  
BUT IT IS TOO HEAVY

KNOWING THAT THE DOMINARIAN MATERIALS ARE  
MUCH HARDER FOR THE DOMINARIANS TO MAINTAIN  
DROVA HARDLY: “STOP HIM!!”

ALL OF THE DOMINARIANS STARTED RUNNING AND  
FLYING AROUND MIRACLE IN ORDER TO STOP HIM BUT  
NO ONE CAN OUTRUN HIM

DROVA IS LOOKING AT MIRACLE WHILE HE IS  
DESTROYING THE PLANET REALIZING IT IS EXACTLY THE  
SAME VISION HE HAD IN THE TOWER WITH OB AND THE  
SAME HE HAD WHEN HE WAS FIGHTING MIRACLE ON  
EARTH

AS THE KING OF DOMINARA, MIRACLE KNEW EXACTLY  
WHERE TO HIT

MIRACLE STARTED TRAVELLING ACROSS DOMINARA AND  
HITTING SEVERAL EXACT PLACES

NUCLEAR POINTS...

POWER PLANTS...

BOMBS FACTORIES...

AND A LOT MORE OF THE MOST DANGEROUS PLACES ON  
DOMINARA THAT MIRACLE STARTED DESTROYING AND  
THEY STARTED DESTROYING HUGE PLACES FULL OF  
PEOPLE WITH THEM

DROVA IS HEARING ALL OF THE SCREAMS AND HIS  
PEOPLE DYING WITH DESTRUCTION EVERYWHERE AND  
PUSHES HARD ON HIMSELF TO LIFT THAT BUILDING

MIRACLE DOESN'T FIGHT

MIRACLE JUST PUSHES AWAY ANYONE WHO STANDS  
AGAINST HIM AND THEY'RE SUDDENLY CUT OFF

NO ONE CAN STAND A SINGLE FIGHT WITH HIM

HE IS THE TRUE KING OF DOMINARA

DOESN'T MATTER WHAT ARE HIS INTENSIONS

DOESN'T MATTER HIS RULES

HE IS AND ALWAYS WILL BE THE STRONGEST  
DOMINARIAN AND THE MIRACLE OF DOMINARA

MIRACLE SUCCESSFULLY DESTROYED HIS PLANET

NOT EARTH, BUT DOMINARA

THE TWO EASIEST PLANETS TO DESTROY WERE EARTH  
AND DOMINARA

THEY DIDN'T TAKE MORE THAN A FEW MINUTES

THE PEOPLE OF EARTH DECIDED TO BETRAY EACH  
OTHER

WHILE DOMINARA WAS DESTROYED BY ITS RULER  
KNOWING EVERY INCH IN IT AND WHAT TO EXACTLY TO  
DESTROY AND HOW TO CAUSE THE BIGGEST  
DESTRUCTION

THE DOMINARIAN MEN AND WOMEN ARE ALL DEAD

EVERYONE IS JUST DEAD

TONS OF DOMINARIAN BLOOD AND AETHERION  
SPREAD EVERYWHERE ON THE PLANET

DROVA LIFTS UP THE BUILDING AND SUCCESSFULLY  
MANAGES TO FREE HIMSELF

BUT IT IS TOO LATE

MIRACLE WALKS TO DROVA

DROVA SADLY: "WHY? WHY DID YOU DO THAT?! NOW  
EARTH JUST DIED FOR NOTHING!!! HOW COULD YOU  
DESTROY YOUR REAL HOME?! HOW COULD YOU KILL  
YOUR OWN PEOPLE AND BURN YOUR BLOOD!!"

MIRACLE: "IT WAS NEVER ABOUT THE PEOPLE ON  
DOMINARA, I NEVER CARED ABOUT RULING THE PLANET,  
FUCK THAT PROPHECY THAT MADE ME THE KING, IF I

WAS SURE THAT DOMINARA WOULD STOP MURDERING THE INNOCENTS, I WAS GOING TO LIVE WITH PEACE ON EARTH, WITH EMMA, THE WOMAN THAT YOU KILLED WITH THE PLANET”

DROVA: “YOU TOOK EVERYTHING FROM ME, YOU TOOK WHAT WAS I FIGHT FOR, NOW WE HAVE NOWHERE TO GO, NOWHERE TO LIVE, I HAVE NO DOMINARA, YOU HAVE NO EARTH, WHAT DID YOU LEAVE FOR BOTH OF US!”

MIRACLE: “AN IDEA, YOU AND I, WE WERE IDEAS, I DON’T EVEN KNOW YOUR NAME, AND YOU DON’T KNOW MINE, IT DOESN’T REALLY MATTER”

DROVA SHOUTS: “I WILL KILL YOU!!”

MIRACLE: “AS I SAID, IT DOESN’T REALLY MATTER”

DROVA JUMPS TOWARDS MIRACLE AND PUNCHES HIM ON THE FACE THEN HE KICKS HIM AWAY

MIRACLE JUMPS AND PUNCHES DROVA BUT DROVA DEFLECTED THE PUNCH

JUST AS THEY WERE ABOUT TO JUMP AGAIN TOWARDS EACH OTHER, DROVA STOPPED IN HIS PLACE

“THERE IS NOTHING LEFT TO FIGHT FOR, I DECIDED TO STOP DEFLECTING, I DON’T REMEMBER THE LAST TIME I WASN’T ON DEFLECTION MODE”

SUDDENLY ALL OF DROVA’S VEINS DISAPPEARS, AND HE FINALLY FEELS...

“All of the voices in my head... all gone  
how is it so quiet? The noises in my ears... disappeared  
I can think now... I see differently, it is not always red as I see it”  
Drova looks at Miracle and then jumps towards him  
Miracle jumps as well  
They hold each other and keeps punching  
Miracle lands a punch on Drova’s face  
“Oh, this is a new feeling, I can’t remember the last time I felt pain,  
the last time I was truly hit, THIS FEELS GREAAATTT”  
Drova and Miracle both stand on the ground  
Drova punches Miracle but Miracle dodges then he tries to punch  
Drova on his belly but Drova dodges as well then, he jumps and  
kicks Miracle smashing him to the ground  
The fight is so quiet, there is no noise, it is only the sound of their  
fists and their breathing sound  
Miracle jumps on a big rock then jumps to Drova and lands a  
punch on his face  
Drova spits off blood and a tooth  
Drova smiles and then punches Miracle on his ribs and then on  
his chin flipping Miracle vertically then he punched him on his  
back throwing him away  
Miracle quickly redirected himself towards Drova and punched  
him on his chest throwing him away  
Their knuckles are bleeding and their skeletons are collapsing

They can't keep up anymore, no dominarian can compete with such a long fight

Drova gets up, Miracle goes to him and says: "This is for Ob"

MIRACLE PLANTS HIS HAND IN DROVA'S CHEST AND HIS HAND LEAVES FROM DROVA'S BACK

DROVA COUGHING BLOOD, USES HIS LAST BREATH AND RAISES UP HIS HAND AND SHAPING IT UP AS A SWORD THEN WITH HIS LAST FORCE HITS MIRACLE WITH IT IN HIS RIBS AND HIS HAND GOES INTO MIRACLE'S BODY CUTTING THROUGH HIS LUNGS UNTIL REACHING HIS HEART

THEY BOTH FALL ON THE GROUND

DROVA DIED

MIRACLE DIED

DOMINARA AND EARTH DIED

THEY BOTH DIED WITH EACH OTHER'S HAND PLANTED IN THE OTHER'S HEART

THE MIRACLE OF DOMINARA AND THE BEST DEFLECTOR OF ALL TIME MURDERED EACH OTHER

TWO IDEAS COULD NEVER LIVE TOGETHER ENDED UP KILLING EACH OTHER AND DESTROYING THEIR HOMES

THE WORLD CAN NOW FINALLY LIVE IN PEACE...

THE END.
